Granite Air Center Joins the TITAN Aviation Fuels Network

West Lebanon, NH FBO Selects TITAN to Support Continued Growth

New Bern, NC (July 15, 2026) - TITAN Aviation Fuels is proud to announce that [Granite Air Center](#), the premier fixed base operator serving Lebanon Municipal Airport (KLEB), has joined the TITAN branded network, starting August 2026.

Locally owned and recognized for its commitment to personalized service, Granite Air Center provides a full range of FBO services, including aircraft fueling, hangar storage, maintenance, concierge services, and ground support. Granite Air Center has built a reputation for delivering exceptional customer experiences, through extensive customer service training, while serving general aviation and business aviation operators throughout New England.

Through its partnership with TITAN Aviation Fuels, Granite Air Center will gain access to TITAN's comprehensive suite of business development resources, marketing support, loyalty program, quality control training, and fuel supply solutions further strengthening its ability to serve customers and ensure every aircraft is handled professionally and efficiently.

"We're excited to welcome Granite Air Center to the TITAN network," said Robbie Stallings, President of TITAN Aviation Fuels. "Granite Air Center has earned an outstanding reputation by putting customers first and delivering exceptional service. Their values closely align with ours, and we look forward to supporting their continued success while providing additional value to operators flying into West Lebanon."

Granite Air Center joins TITAN's growing network of more than 675 branded FBOs, giving customers access to one of the industry's most trusted fuel networks while benefiting from TITAN's relationship-focused approach to service and support. From marketing initiatives and pilot loyalty programs to quality control education and fuel supply expertise, TITAN partners with independent FBOs to help them strengthen customer relationships, increase visibility, and drive long-term growth.

Jason Archambeault, Chief Operating Officer of Granite Air Center, added “Granite Air Center has always been committed to delivering a first-class experience built on safety, professionalism, and exceptional customer service. We have demonstrated that commitment by becoming an IS-BAH Stage II certified FBO, an internationally recognized safety standard built on a culture of continuous improvement. Partnering with TITAN Aviation Fuels aligns us with an organization that shares those values, providing us additional resources that will help us continue enhancing the services we offer. We're excited to begin this partnership and look forward to welcoming customers to Granite Air Center as a proud member of the TITAN network.”

TITAN Aviation Fuels is a leading global supplier of aviation fuel with a network of more than 675 branded FBO locations. In addition to providing a secure supply of aviation fuels for global flight departments and FBOs, TITAN offers a full array of support services including TITAN Rewards, a pilot loyalty program, aviation card processing solutions - including the Multi Service® Aviation (MSA) Card, TITAN Aerospace Insurance, quality control training, ATLAS FBO Management Software, equipment leasing and financing, an online aviation parts store, and a customer-focused mobile application.
